

STRATEGIC PLAN : 2018-2021

July 2018

Dear GRACE Community:

With a deep sense of pride, we are pleased to present the Green Bay Area Catholic Education (GRACE) Strategic Plan 2018-2021. This three-year plan demonstrates the dedicated commitment, collective wisdom and compelling vision that drives our institution to continually strive for increased levels of academics and faith—a mission in which we are fully invested. The plan will set our course as we enter the 10th year of our existence as a system.

The comprehensive plan is a culmination of an intensive planning process that included the ‘Voice of the Customers’ including an online survey to gather feedback from parents and members of our leadership Boards, a ‘Pulse’ survey of faculty and staff and alignment with the Diocese of Green Bay’s *Strategic and Mission Plan for Catholic Schools*.

On behalf of GRACE, we wish to thank all the members of our community for the time and talent devoted to produce this high-quality Strategic Plan that will serve as a broad roadmap for our efforts. The development of this plan has reinforced our belief in both the strength of our system as well as each individual stakeholder and what they bring in terms of partnership and collaboration.

We invite you, and urge others, to continue to engage and contribute to the exciting and rewarding work in our GRACE schools. Together, we are certain that through our united efforts and combined expertise, we will realize the ambitious goals and priorities outlined in the Strategic Plan 2018-2021 to ensure a vibrant and sustainable future as we build academic excellence and life skills while growing in our Catholic faith.

Respectfully,

William R. Micksch
Chair, GRACE Board of Trustees

Kimberly A. Destotell
President, GRACE
