## GRACE Breakfast MENU

**All breakfast items are whole grain rich.**

We're excited to kick off the new year with a menu that's not only delicious but also packed with the nutrients your little ones need to thrive!

Our dedicated team has crafted a culinary journey for January that will excite taste buds and support healthy development.

This month we are featuring the return of our **local cheese curds** on the menu. Adding to the variety of protein options we provide to aide in satiety purposes throughout the day as well as muscle development.
