Dear GRACE Community,

As we navigate this season together, we are reminded that our role as Catholic educators and parents extends beyond the classroom. We are called to be faithful stewards of our community and active participants in shaping the world in which our children grow, learn, and form their faith.

On **Tuesday, November 3, 2026**, Wisconsin voters will elect our state's next governor as well as other state legislators and vote on important referendums. The decisions made in the years ahead will directly impact not only education across our state, but also our cherished religious freedoms and the right to raise and educate our children in accordance with Catholic values.

Please mark your calendars and make a plan to vote:

- In-Person Early Voting: Runs through November 1, 2026. Please check with your local municipality for specific dates and voting hours.
- Election Day: Tuesday, November 3, 2026.

Voting is an important individual decision, and GRACE Schools do not endorse any particular candidate or party. Before casting your ballot, we encourage you to spend time in prayerful reflection and discern where candidates stand on critical issues facing our families:

- Restoring high academic standards across Wisconsin schools
- Protecting school choice legislation so every family can access faith-based education
- Safeguarding our religious liberties and the freedom to live out our faith publicly

Voting is a meaningful opportunity to put our Catholic social values into action. Please visit the official [State of Wisconsin Election's Commission Portal](#) to confirm your voter registration, review proof of residence requirements, locate your polling place, and preview your sample ballot.

Thank you for your ongoing partnership, your commitment to Catholic education, and your dedication to guiding the next generation in truth and grace.

In Christ,

Kimberly A. Desotell

President, GRACE School System
